Eurizon Capital SGR S.p.A. Participation in General Meetings - First Half 2024

September 2024

Eurizon Capital SGR S.p.A. (hereinafter also "Eurizon" or the "Company") encourages the interaction with the companies in which it invests on behalf of the managed assets, as well as the participation in the shareholders' meetings. The Company has adopted a differentiated approach depending on the relevance of the issuer, the relevant reference markets and/or the specific circumstances, according to qualitative/quantitative criteria defined from time to time in the internal regulations (detailed in the "Strategy for the exercise of participation and voting rights attached to the financial instruments held in the managed assets of Eurizon Capital SGR S.p.A." available on the Company's website).

On the basis of a cost-benefit analysis, which also takes into consideration the investment objectives and policies of the managed products, the Company has adopted different preliminary and operational procedures for the exercise of voting rights, depending on whether the decision concerns resolutions of shareholders' meetings:

- considered to be the most relevant on the basis of one or more of the quantitative and qualitative criteria;
- for which Eurizon uses electronic voting (so-called proxy voting).

In the first half of 2024, Eurizon participated, on behalf of the assets under management, in 1,248 shareholder meetings of issuers held in portfolios. Of the total number of meetings voted, 487 involved issuers selected according to the qualitative and quantitative criteria defined in the "Voting Strategy".

For the remaining 761 shareholder meetings, Eurizon exercised its voting rights by electronic means, where permitted by the company, through the IT platform of Institutional Shareholder Services Inc (ISS). To this end, the electronic voting process makes the exercise of voting rights more efficient, particularly with regards to foreign issuers.

Below is a list of the Shareholders Meetings in which Eurizon has taken part on behalf of the managed asset, divided according to the relevance of the shareholders' meeting resolutions and the criterion used.

#### PARTICIPATION AT SHAREHOLDER MEETINGS OF MOST RELEVANT ISSUERS

Eurizon has defined the following quantitative and qualitative criteria to identify the most significant shareholder's meetings.

# PARTICIPATION IN SHAREHOLDER MEETINGS FOR WHICH THE COMPANY USES THE ELECTRONIC VOTING (PROXY VOTING)

When electronic voting is deemed the most efficient method to manage assets and the qualitative and quantitative criteria for identifying relevant shareholder meetings are not applicable, Eurizon exercises its voting rights through electronic voting processes provided by issuers. To streamline this process, especially for foreign issuers, the Company utilizes an IT platform. Voting instructions are determined based on specific guidelines approved by the Board of Directors, upon recommendation from the CEO and General Manager within the Environmental, Social, and Governance Committee ("ESG Committee").
